Registered Charity Organization Serving the South Asian Community in Windsor-Essex

Call for Directors at the South Asian Centre of Windsor

South Asian Centre of Windsor is looking for dedicated individuals to join its Board of Directors. The Centre has been proudly serving our community since 1986 as a registered non-profit, charitable organization. In a recent decision by our board, we are committed to fostering diversity and expanding our board of directors. We're excited to announce five open positions for passionate individuals to join us.

We invite interested candidates to submit a concise, one-page bio outlining their professional background, educational qualifications, community involvement, prior board experience, and any special interests they bring to the table.

Selected board members will receive comprehensive orientation and training to excel in their roles. With a commitment of 10-15 hours per month and monthly board meetings, members will have ample opportunity to contribute to our organization's growth. Additionally, members are encouraged to engage with committees aligned with their interests.

To apply, please email your bio with attention to the Nomination Committee at info@sacwin.org. For more information, you can reach out to Nandini Tirumala, Program Director, at (519) 252 7447. The application deadline is **March 15, 2024**.

Join us in shaping the future of our community at the South Asian Centre of Windsor.
