Call for Directors at the South Asian Centre of Windsor

Join Us at the South Asian Centre of Windsor

Proudly serving our community since 1986, the **South Asian Centre of Windsor** is a registered non-profit, charitable organization. South Asians include people originally from Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, as well as those with South Asian roots who have lived outside the region for generations and are now residents of Canada.

We are committed to fostering diversity. As part of our Board expansion and ongoing recruitment drive, we are excited to announce **three open positions** for passionate individuals with expertise in **fundraising, event management, volunteer management, marketing, IT, legal affairs, non-profit management, or accounting**. We invite interested candidates to submit a **concise, one-page bio** outlining their **professional background, educational qualifications, community involvement, prior board experience, and any special interests** they bring to the table.

Selected board members will receive **comprehensive orientation and training** to help them excel in their roles. With a **time commitment of 10-15 hours per month**, including monthly board meetings, members will have ample opportunities to contribute to our organization's growth. Additionally, members are encouraged to engage with committees aligned with their interests.

To apply, please send your bio to **Nandini Tirumala, our Program Director, at nandini@sacwin.org**. For full consideration, please apply by **Wednesday, March 26, 2025**. Applications will be reviewed on a rolling basis until all positions are filled.

Join us in shaping the future of our community at the South Asian Centre of Windsor!
